Slack-water deposits 877 (Research communication)
Sociology of science 575 (Historical notes)
Solanaceae 262 (Article, Pollination biology special issue)
Solanums 567 (Research communication)
Somatic embryogenesis 806 (Scientific correspondence)
Son river 881 (Research communication)
Sophora japonica 214 (Article, Pollination biology special issue)
Sparks 599 (General article)
Spin systems 392 (General article)
Stellar dynamics 144 (Article, Special section)
Stimulated Brilloun scattering 979 (Research communication)
Streptococcal infection 730 (News)
Strontian calcite 170 (Research communication)
Styrene-butyl methacrylate copolymer 672 (General article)
Sumanene 595 (Research news)
Supernova remnants 123 (Article, Special section)
Supersonic jet 323 (Article, Special section)
Sustainable development 961 (General article)
Synchrotron X-radiation 616 (Review article)
Synthetic peptides 969 (Review article)

Tamil Nadu coast 667 (Scientific correspondence)
Technical education, India 732 (Commentary)
Technology Policy Statement 1983 374
Termitaria 168 (Research communication)
Thiobacillus ferrooxidans 974 (Research article)
Thrips 262 (Article, Pollination biology special issue)
Time-dependent quantum mechanical approach 319 (Article, Special section)
Tokamak experiments 25 (Article, Special section)
Topological excitations 392 (General article)
Tor putitora 572 (Research communication)
Traditional knowledge 961 (General article)
Transition pathways 677 (Review article)
Transiational energy spectrometry 312 (Article, Special section)
Tripeptide 77 (Research communication)
Triticum timopheevi 357 (Research communication)
Tumour rejection antigens 543 (Review article)
Turbulence 36 (Article, Special section)
Two-phase sampling 73 (Research communication)

UK government research 6 (Correspondence)
Ultrafast lasers 332 (Article, Special section)
Upland rice 174 (Research communication)
Upper pressure deflagration limit 406 (Research article)
UV-induced tumours 543 (Review article)

Vaccination 969 (Review article)
VAM 165 (Research article)
Vancouver group 593 (News)
Varying moisture contents 485 (Research communication)
Vernonia scandens 418 (Research communication)
Vibrationally mediated photodissociation 319 (Article, Special section)
Vicinal dihydrides 768 (Research communication)
Vigna radiata 636 (Research communication)
Vitellogenesis-inhibiting hormone 619 (Review article)
Vitrification 361 (Book review)

Water resources 294 (General article)
Wetland 886 (Research communication)
White-light interferometer 483 (Research communication)

X-ray crystallography 57 (Research article)
X-ray structure, HIV 835 (Review article)

Yamuna river 775 (Research communication)

Zanskar Himalaya 687 (Research article)
Zeta potential 974 (Research article)
Zygogramma bicolorata 901 (Scientific correspondence)
